

Save the date for the 2024 joint
meeting of:

EEG and Clinical Neuroscience Society (ECNS)
International Society for Neuroimaging in Psychiatry (ISNIP)
International Society for Brain Electromagnetic Topography (ISBET)

COMBINING EEG AND NOVEL TECHNOLOGIES

Hosted by ECNS

October 15 - 18, 2024
Toronto, Ontario, Canada

Join us at the beautiful University of Toronto for a conference focused on
combining novel technologies and EEG in clinical applications.

The conference will begin the evening of Tuesday, October 15th with an
opening lecture and reception, and continue with 3 full days of talks and
social events, including an evening banquet.
